- **YOU** and your family are very important in your recovery

Short term rehabilitation from  
illness or injury

Chronic medical conditions needing  
around-the-clock care

## More Options:

### Intermediate Swing Bed

Morton County Hospital also offers Intermediate Swing Bed services. These are private pay stays to assist you, or your loved one, in their final days. This is an out-of-pocket expense that is approved on a case-by-case basis. Each person will have 24 hour/day nursing care at a set cost per day. Services such as breathing treatments, wound care, and oxygen may be covered under Medicare Part B.
